## Photography & video

The aim of the workshop is to produce a short film which you will later be able to buy on DVD. By registering for the workshop you agree to our use of video and photographs of your child/children for the purpose of making this film and DVD and promoting it on our website (children will NOT be identified by name on the website).

We may also use some of this material in the local press as well as on our own brochures for promotional reasons (again, children will not be identified by name on our own publications). We would like, if possible, for you to agree to our use of material featuring your child/children for any of these other purposes.

I agree to you using photography & video in this way
